

ACHIEVEMENT GAPS-ELEMENTARY SCHOOLS

Goal 2: Reduce the overall achievement gap percentage points in elementary and middle schools between the highest performing subgroup and ethnic/racial subgroups.

Please Note: For the 2016-17 school year, the highest performing subgroup in the Clark County School District was the Asian population. A negative number indicates the school supergroup (all ethnicities minus Asian) is below the highest performing district subgroup (Asian). A positive number indicates the school supergroup (all ethnicities minus Asian) is performing above the highest performing district subgroup (Asian).
